Purpose: Give The World Hope, <https://givetheworldhope.org>, is the outreach division of Cyber Ministries Technology, <https://cyberministries.org>. While researching homeless ministries, we came across the Homeless Backpack Network, <https://homelessbackpack.net/index.html>. After spending some time in prayer, we decided this is the ministry we as a organization would embrace.

The vision of the Homeless Backpack Ministry is to aid transients in their travels as they move from one location to another location by providing meals, clothing and survival items.

The backbacks will contain at least 5 items each from the food and hygiene groups and all clothing and survival items.
